

Dagger Levels

All students will be tested on the information presented to them at their current level before moving on to the next level of training. They must show that they have internalized a great deal of the material in order to pass. Because of this required high degree of proficiency, there is no set time limit for the amount of time spent on any level, and training simply continues until what is needed to be learned is learned.

Novice

General Teaching
Hs.3227a

Scholar

Hundsfeld
Lignitzer

Free Scholar
